Tennis Tournament Will End Today

On the Beretania courts yesterday afternoon the country players had a day out, and the two cracks, Greenfield and McKeever, from Ewa, managed to get into the finals by defeating Will Roth and Williamson after a hard tussle, 6-8, 6-3, 6-3.

The total games were very close, as Greenfield and his partner scored 18 to 14, although they won two sets out of the three played. The first set was a corker, and no less than 14 games had to be played before it was decided.

The play all around was very brilliant, and the match was watched with the greatest interest by the spectators. Roth and Williamson did their level best in the first set, and certainly gave the Ewa pair a run for the honors.

In the second set, ex-champion Roth and his partner played up in their very best form and took the six games to three.

With one set each, the match looked very open, and the spectators were worked up to a great state of enthusiasm. When the four players stepped on to the courts everybody was on tip toe with excitement.

However, the Ewa champion had no trouble to speak of in the third set, as they took it to three games. The set was much closer than the "one" would indicate, and there were many daces and vantages in each game.

Greenfield and McKeever have been playing first-class tennis for some years now, and, although the latter player has not had much practice of late owing to his responsible duties at the plantation, the cracks are always in fairly good form. Should they win out in the finals against Cunha and Gee the joy up at the big mill will be supreme.

The Ewa men may be relied upon to put up a great fight against what is thought to be the strongest combination in the islands, and if they go down in defeat it will only be after a strenuous match.

The match will start at 4 o'clock, and the largest crowd that ever attended a final game is expected to attend. The tennis fans from Ewa will be present in force, and it won't be from lack of support that the sugar mill men will lose the match, should they be defeated.

Besides the semi-finals of the gentlemen's doubles, the finals of the mixed doubles was played yesterday. Miss M. Hall and F. E. Steere beat Mrs. Hind and Cunha two sets straight, 7-5, 6-1. The first set was a red-hot struggle, and at "five all" it looked a very open match. However, Miss Hall and her partner played in championship style and took the two games necessary to win the set.

The second set was not so good, and Cunha and Mrs. Hind could only get one game in it. Still, the play of all four was good, and the match was a very interesting one.

This afternoon will be the last day of the present championship series, and the titles will hold good for one year from date. The champions for the coming year are as follows: Gentlemen Singles, E. S. Gee; Ladies Singles, Miss M. Hall; Mixed Doubles, Miss Hall and F. E. Steere. The Gentlemen's Doubles will be decided this afternoon.

It is to be regretted that Warren was not in the group when the championship tournament was played, as he would have made things lively for all the other crack players.

At the conclusion of the play today Judge Woodruff will present the prizes to the successful players, and the function will be a pleasing one.

NEW AUTO STAND

The Honolulu Automobile Stand, under the management of Messrs. Geo. C. Beckley, Jr., and C. H. Behn, is now open for business. Their new garage, only just completed, at the corner of Alakea and Hotel streets, is one of the best in the city and in addition to their already fine lot of cars, among them a Packard Landaulet, they have ordered a number of the latest 1910 model, seven-seated Stoddard-Daytons and Packards, these last named cars being now on the way. Both Mr. Beckley and Mr. Behn are old hands at the business and the public is fortunate in having placed at its disposal an automobile service equal to any on the mainland.

The Industrial Edition of the Evening Bulletin, wrapped ready for mailing, 50 cents at Bulletin office.

League Ground Ball Games For Today

This afternoon at the League grounds there will be two good games of ball, and one of the games will be a return match played by the Fort Ruger and N. G. H. teams.

On the first occasion of these nine meetings the game was a very close one up till the seventh inning, when the airship went up, as far as the Artillery was concerned. However, any such exhibition has been guarded against today, and the game should be a really fast and close one.

There is always some surprising feature at the big league games, and this afternoon should prove no

Bill Hampton, who made two home runs on Saturday week and one last Saturday. Bill is a pitcher, but has developed a great batting streak of late. He is a tower of strength to his side.

exception. Although old reliable Bill Hampton will not be playing, there are a dozen other diamond artists who are capable of putting up a brand of ball that will make the crowd come to their feet with a jump.

The second game between the Kamehamehas and Diamond Heads will be one slugging fast one from the first ball pitched. The Kams have improved wonderfully and intend going after the Jewels with a jump. They have been practicing hard, and the coaches have been getting in some fine work with the men.

The first game will start at about 2 o'clock, and the second as soon as the Guards have taken the Artillery scalp—or vice versa. The Hawaiian Band will be in attendance, and Captain Berger has composed a new two-step entitled "When the Guards Went Home to Roost."

Sergeant Barry is so worked up over the victory of his rifle shots in the match against the Signal Corps that he cannot be expected to root in baseball language today. He probably will be giving expert advice something as follows: "Good elevation, direction bad. Here, there, allow for windage. What are you shooting at—your shots are going miles high," etc., etc.

The genial sergeant will be on deck sure, and will urge his nine on to victory all the time. But the Rugers are going to make the Guards sit up today, and no mistake about that.

Myrtle Crews Are Showing Good Form

Preparations for the rowing races on Kewala Day are going on in fine style, and both the Myrtles and Heanians are leaving no stone unturned in their efforts to get their crews into the best possible shape.

Every afternoon the men are out on the water, and some exciting brushes take place between the rival boats. Yesterday evening the Myr-

Formerly cutter for H. P. Roth, is now in charge of L. B. KERR & CO.'S TAILORING DEPARTMENT.

CASTORIA

for Infants and Children.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse. It causes the blood to circulate properly, opens the pores of the skin and allays fever.

The signature of *Dr. H. H. Hatcher* guarantees genuine Castoria. **Physicians Recommend Castoria.**

"I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market." J. E. SIMPSON, M. D., Chicago, Ill.

"A medicine so valuable and beneficial for children as your Castoria is deserves the highest praise. I find it in use everywhere." J. S. ALEXANDER, M. D., Omaha, Neb.

"Have used your Castoria on various occasions in suitable cases and have found it a palatable and efficient laxative, especially in the various diseases of childhood." CHAS. EDWARD GARDNER, M. D., Brooklyn, N. Y.

"I have prescribed Castoria to families for several years. It is all right. Mothers like it, for children will take it without any trouble." C. A. WILSON, M. D., St. Louis, Mo.

"Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children." J. A. BOARMAN, M. D., Kansas City, Mo.

Children Cry for Fletcher's Castoria.
In Use For Over 30 Years.

THE CASTORIA COMPANY, 27 NASSAU STREET, NEW YORK CITY.

The Freshmen and Seniors had a sprint as far as the buoy.

The Seniors had a little advantage of the start, and the Freshmen went after them in racing form. Within twenty lengths of the buoy the Freshmen were within striking distance of the Seniors, but the latter had the right of way and the younger men had to give way.

It was an exciting little race, and it tended to show that both crews were rowing in fine shape, and that when worked up to a high rate of strokes per minute they slide through the water without a sign of a splash or roll.

The Freshmen managed to break two oars on their way back to the shed; the necessity of getting new sculls as soon as possible was thus brought to the notice of the committee in a forcible manner.

The Freshman crew has been strengthened a lot by the return of Frank Macdonald from Maui. He has been away for some weeks, and consequently, will have to work overtime to catch up as regards condition with the rest of the crew.

The Myrtles feel confident that they will be able to give the Heanians their wash in every race, but the other bunch are just as certain that it will be a case of throwing out a line to the Myrtles before half the full course is covered.

The Heanians were sprinting about inside the harbor proper yesterday, and they are coming along fast in their work. Their senior pair was out, and Dick Sullivan and Carl Osa did some fine work. They hang a trifle over their work at present, and their recovery is not quite as good as it might be. Still, the rough edges will soon be worked off, and then the pair will give the Myrtle representatives a great go for it.

Rowing is looking up, and it is good to see it so; it is the most healthy sport of the lot and deserves the support of everybody.

The Myrtles have another crew called the "Strawberries," and they are coming along in fine form for beginners. They go out every evening in the barge and always get a cheer and a few good-natured joshes when they climb into their boat.

The "Strawberries" intend having a race against a combination of Heanians who go by the name of the "Pohia Pets," and it is rumored that the latter crew are the real jam.

The youngsters at the rowing game are taking to the sport like a retriever does to aqua pura, and in a short time most of them will be rowing in a higher class.

Congress Party To Attend Ball Games

Down at the Athletic Park tomorrow there will be great doings when the two games scheduled take place. The Congressional party have been invited to attend, and it certainly will be an eye-opener to the visitors when they see the class of ball the Chinese put up.

The game between the Marines and C. A. Cs. will be a snappy one, and it is hard to say which team will win. The half-wets have got a new catcher from somewhere, and rumor has it that the mystery is from Lethuania.

The line-up of the Marines will be as follows: Gibson, p.; Williams, 1b.; Hayes, 2b.; Gaw, 3b.; Storr, ss.; Thomas, lf.; Davis, cf.; Gaw, rf.; and the new man as catcher.

The usual crowd is sure to attend the games, and there is no doubt that the play will satisfy even the most rabid fan. Two games of ball this afternoon, two tomorrow and two on Monday is going some—and that is without counting the minor league games that will also be played.

The Kadhils and J. A. Cs. will also meet, and the game will surely be a close one. Both teams are out for glory, and the result should be in doubt up till the last inning.

Niagara On The Lake (Ont.), Aug. 27.—Miss May Sutton of California defeated Mrs. Hannam of England this afternoon in two straight sets, 6-2, 6-3 in the international lawn tennis tournament.

HURRY PEARL HARBOR LINE

Manager Ballentine of the Rapid Transit states that within four months the cars will be operating over the extension to Pearl Harbor. While on the mainland Ballentine purchased rails and equipment for the extension. Work on the roadway will begin immediately and the first shipment of material is expected next week.

No new cars have been purchased for the Pearl Harbor extension. On rolling stock will be brought into service and equipped with new motors. The construction work on the roadway will be hurried and no time will be lost in preparing the Pearl Harbor extension for the increasing travel that is sure to follow its completion.

TOE NAIL CLIPS

INCLUDED IN OUR VARIED ASSORTMENT OF MANICURE GOODS YOU WILL FIND THE HANDY TOE NAIL CLIPS THAT ENABLE ONE TO CUT TOE NAILS WITH PRECISION. IN THE LOT WILL BE FOUND, ALSO, ALL THE ARTICLES AND PREPARATIONS NECESSARY TO KEEP THE HANDS IN PERFECT CONDITION.
